Watching the Germans Rave at Terms.

Gen. Pershing at Coblenz.

At which city, across the Rhine bridge, the American army entered, allied with soldiers, are rumbling continuously, as an impressive warning to the enemy to accept the conditions laid down at Paris for him.

WANS ARE APPROVED
FOR WOMEN IN PARTY.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 23.—Approval of the plan that no separate women's organizations, except for temporary purposes, be formed within the Republican party, was voted at a conference of Republican women held today at the Statler hotel in Washington.

The conference, which was presided over by Mrs. W. H. Hays, secretary of the National Woman's Party, was held in the afternoon. It was attended by about 100 women, many of whom were prominent in the party.

The conference decided to support the plan proposed by Mrs. Hays, which would allow women to participate in the party's activities without forming separate organizations. This decision was met with approval by the delegates.

The conference also discussed the issue of women's suffrage and the role of women in the party. It was decided to continue to work for the passage of the 19th Amendment and to support women who were active in the party.

The conference ended with a vote on the plan, which was carried by a large majority. The delegates then adjourned for the day.

The conference was a success, and it was hoped that it would lead to a more active role for women in the party. The delegates were all very enthusiastic about the plan and the results of the conference.

The conference was a very important event for the party, and it was hoped that it would lead to a more active role for women in the party. The delegates were all very enthusiastic about the plan and the results of the conference.

PEACE UP
IN SENATE.Johnson, Sherman
Lead Debate.

California Senator Precipitates Row in Demand for Text of Treaty.

Resolution to Divorce Covenant from Pact is Introduced, but Deferred.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 23.—The peace treaty, with its League of Nations covenant, was debated for three hours in the Senate today, and at adjournment the resolution which furnished the vehicle for the discussion went over as unfinished business, to come up when the Senate reconvenes Monday.

The resolution merely calls on the State Department to furnish the Senate with the complete text of the treaty, but as the debate progressed, discussion shifted to the merits of the league and treaty themselves. A dozen Senators, including leaders on both sides, were drawn into the discussion, and sharp exchanges preceded the bitterness of the fight that it is come when the treaty actually comes up for ratification.

Opponents of the treaty in its present form lined up generally for the resolution, and those supporting the treaty draft led the opposition. There was no attempt to reach a vote, and some Senators predicted it would be several days before the preliminary skirmish would come to a decision. The leaders apparently are feeling their way carefully.

JOHNSON CHARGES SECRECY.
Senator Johnson of California, Republican, author of the resolution, started the debate today with a short speech, charging the treaty supporters with "secrecy" and "deceit." This assertion drew an indignant reply from Senator Hitchcock, Republican, of New York, secretary of the Foreign Relations Committee, who declared the President's policy in handling the treaty was "open and above board."

Senator Johnson then turned to the question of the League of Nations covenant, which he said was "a separate and distinct question from the peace treaty." He declared that the covenant was "a betrayal of the peace treaty" and that it was "a betrayal of the American people."

Senator Johnson then turned to the question of the League of Nations covenant, which he said was "a separate and distinct question from the peace treaty." He declared that the covenant was "a betrayal of the peace treaty" and that it was "a betrayal of the American people."

BULLETINS.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, May 23.—It is unofficially reported that the court-martial which has been trying Capt. Edmund G. Chamberlain of San Antonio, Tex., the aviator, who claimed to have performed many thrilling exploits over the German lines, has acquitted him of the first charge of perjury and forgery. The vote on the first specification is understood to have been seven to one and on the second specification solidly in Chamberlain's favor.

FLAGSTAFF (Ariz.), May 23.—A light shower here at 5:05 o'clock this morning, following a night of rain, roused the city from its slumber, but caused no material damage. T. O. Lampland, astronomer at Lowell Observatory, was shaken badly. As there is no meteorograph at the observatory, no scientific records of the temblor was made.

SAN JUAN DEL SUR, May 23.—Revolutionists who have been operating in the Mexican-Guanaco-Rican frontier have been reinforced and provisioned and are said to be preparing to attack Liberia. Santa Rosa has been recaptured by the revolutionary forces.

DEPORTATION URGED
FOR THE BOLSHEVIKI.

BILL IN SENATE WOULD MAKE MAILING BOLSHEVIK CAPABLE OFFENSE.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 23.—Deportation from the United States of "Bolshevik agitators" who caused disturbances in many cities on May 20 was urged in the House today by Representative Johnson, Republican, of Washington, chairman of the Immigration Committee. He also advocated passage of legislation which would prevent aliens from coming into the country "until the United States has been cleansed of its impurities."

The country has made a woeful mistake in allowing these aliens, dirty of body and treacherous of mind, to come into the country," Mr. Johnson said. "And we are now making another mistake in allowing them to remain in the country. They are a danger to our country and to our people. They are a danger to our country and to our people. They are a danger to our country and to our people."

The country has made a woeful mistake in allowing these aliens, dirty of body and treacherous of mind, to come into the country," Mr. Johnson said. "And we are now making another mistake in allowing them to remain in the country. They are a danger to our country and to our people. They are a danger to our country and to our people. ARMIES CLOSING ON PETROGRAD.

Operations of Non-Bolshevik Forces are Having Great and Rapid Success; Thousands of Prisoners and Many Guns Taken; Siege of Red Capital Near.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, May 23.—The operations of non-Bolshevik forces against Petrograd are having great and rapid success, according to various reports received here from Helsingfors. The correspondent of the Daily Mail at the Finnish capital says the Bolshevik resistance seems broken and that they have lost several thousand prisoners and thirty guns.

A great number of machine guns and five armored trains also were captured. A North Russian corps co-operating with the Estonians successfully attacked the Bolshevik position at the Gatchina railway station (thirty miles south of Petrograd.)

Thousands of Bolshevik soldiers in the Gatchina area and in the coast region west of Petrograd, who surrendered with their arms and ammunition, the correspondent adds, subsequently joined in the attacks on their former comrades.

It is reported in Helsingfors from Petrograd that the Bolsheviks are prepared to defend the city and that all the workmen have been armed. The defenders are said to number 300,000.

The Bolsheviks have begun the evacuation of Moscow, according to reports brought from Petrograd to Copenhagen by travelers, and forwarded by the Exchange Telegraph Company. Typhus is raging in Moscow and the situation there is considered desperate. On the Murmansk front Allied forces have captured Medvedevskaya, at the northern end of Lake Onega, after a series of actions in which the Bolshevik rear guard suffered severely, a statement issued by the British War Office tonight says. The rapid retreat of the Bolsheviks, it is added, prevented them from seriously damaging the port works. The Allies have occupied the heights surrounding the town. Gen. Maynards, commanding the Allied forces on the Murmansk front, has removed his headquarters 400 miles southward, on the Murmansk coast, to Kem, on the White Sea, at the mouth of the Kama River, according to Reuters's correspondent with the British Murmansk expedition. Estonian forces are rapidly approaching Petrograd from the west, according to an official statement issued at Helsingfors. The text of the statement reads: "The Estonians are advancing swiftly on Petrograd. Besides the town of Yamburg, the railway stations at Wykarny and Kolobovskaya, have been captured, and the town of Korpela and several villages near Korpela on the Finnish Gulf have been occupied. This brings the Estonians within fifty miles of Petrograd."

AUSTRIAN ARMY CUT TO 20,000 MEN

(BY HENRY WALEN)

PARIS, May 23.—The Austrian army will be reduced to two divisions numbering less than 20,000 troops, including eight regiments of field artillery, according to the treaty with Austria, which will be completed probably Tuesday and handed to the Austrians at St. Germain Wednesday afternoon. The Austrians are allowed one week to consider the treaty.

The document is almost as bulky as the German treaty and practically identical in the preamble. It contains the league covenant and the international labor provisions. The league term of volunteers with the army is practically eliminated. Austrian overseas property rights are settled on the same basis as Germany's. The reparations provisions are as confident they will have a decision before Tuesday.

The big four discussed Russia all afternoon, without reaching any decision. It is not true, Kolchak has been recognized by the Allies, says the official statement. The sending of Roland Morris by America to confer with the Allies was alluding to the fact that the Allies are willing to pay the Austrian war bills or war damage claims. The problem growing out of this situation has not yet been completely solved, but the experts are confident they will have a decision before Tuesday.

COURT ORDERS LID
OFF OF "WAR BEER."

FEDERAL JUDGE RESTRAINS GOVERNMENT FROM INTERFERING WITH BREWING.

(BY A. P. NIGHT WIRE.)

NEW YORK, May 23.—Uninterrupted production of "war beer" until the courts have passed upon the contention of the United States Brewers' Association that the prohibition act, insofar as it relates to beer and wine, and by Federal Judge Hand's ruling last week be regarded as necessary for the manufacture of liquor for the war effort, is non-interference with government interference with its manufacture.

The court declared his decision had been influenced by President Wilson's message to Congress recommending repeal of the war-time prohibition act, insofar as it relates to beer and wine, and by Federal Judge Hand's ruling last week be regarded as necessary for the manufacture of liquor for the war effort, is non-interference with government interference with its manufacture.

CONGRESS GETS REPEAL BILLS.

Phelan Would Take Ban Off
Beer and Wine.

Gallivan Fathers Similar
Measure in House.

Drya Seek Enforcement Laws
After July First.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 23.—Measures for repeal of the war-time prohibition act in so far as it relates to wine and beer and for enforcement of that act as well as the constitutional amendment, were introduced today in the Senate.

The repeal bill was offered by Senator Phelan, Democrat of California, and is similar to that introduced in the House by Representative Gallivan, Democrat of Massachusetts.

Bills for enforcing war-time and constitutional prohibition were introduced by Senators Sheppard, Democrat of Texas, and Jones, Republican of Washington. Senator Sheppard's measure follows the lines of the one that failed in the last Congress, but Senator Jones' bill would apply to all "alcoholic liquors" containing one-half of 1 per cent. of alcohol by volume.

In the Sheppard bill liquor is defined as including any distilled, malt, spirituous, vinous, fermented or any other alcoholic liquid, whether medicated, proprietary, patented or not.

For the purpose of enforcing prohibition the Secretary of the Treasury would be authorized to appoint a prohibition commissioner and various assistants. Provision also is made for State authorities to assist in the law's enforcement.

Manufacture of cider for use in making vinegar and intoxicants for beverage purposes held in residences as well as by commercial carriers, the measure became effective, are exempted from the provisions of the measure, as is also the sale of alcoholic liquors and compounds, whether medicated, proprietary, patented or not.

Cognizance of the airplane is taken in the bill, which prohibits transportation of intoxicants by that means, as well as by commercial carriers.

Another provision of the measure prohibits the advertisement of liquor in newspapers or by any other means.

Persons who have stored quantities of liquor in their own homes in preparation for the long dry spell would be safe from molestation, as the act provides that search warrants cannot be issued.

CONGRESS IS "DRY."

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 23.—Prohibition is stronger than party, and the Anti-Saloon League's orders are more potent than the recommendation of the President of the United States, even among the members of his own party.

There have been many guesses on how Congress stands on the matter of the repeal of war-time prohibition. An actual poll of both houses of Congress show the following results:

Senate: For repeal, 18; against repeal, 20; noncommittal, 22; absent, 14.

House: For repeal, 104; against repeal, 199; noncommittal, 108; absent, 12.

Roughly, these results indicate the Congressmen are two to one against repealing the law that under the guise of a food conservation measure nullified the agreement that the brewers, vintners and distillers and liquor dealers generally should have a year to readjust their affairs and dispose of their stocks before their business was made illegal by the constitutional amendment.

This poll means that all dealings in intoxicants must quit on or before June 30, and only a decision of the courts can stop the coming of the long drought of five weeks hence.

Of the eighteen Senators favoring repeal eight are Republicans and ten Democrats. Those opposing repeal are divided in nineteen Republicans and eleven Democrats. The noncommittal balance, sixteen Re-

publicans, sixteen Democrats. The absentees represent six Republicans and ten Democrats.

OPPOSE REPEAL.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, May 23.—Sarah J. Dorr, president, and Ann Marvin de To, secretary of the Women's Christian Temperance Union, today announced sending the following telegram to the California Senators and eight Representatives of Northern California in Congress:

"Twelve thousand California women petition you to vote and work against any measure which will lift the ban from wine and beer, also ask support for enforcement war time prohibition and constitutional prohibition amendments."

BAPTISTS OPPOSE REPEAL.

(BY A. P. NIGHT WIRE.)

DENVER, May 23.—The Northern Baptist convention today adopted a resolution asking Congress not to follow the recommendation of President Wilson for the repeal of war-time prohibition as it affects wines and beers.

The resolution says the delegates "have read with great regret the recommendation of President Wilson in his last message to Congress that it repeal the action forcing wartime prohibition in so far as it applies to wine and beer."

The resolution points out that, with hundreds of thousands of boys still in the army and navy, who should be protected against the arising from the sale of intoxicants, and with the food question still acute, the considerations which furnished the basis for the enactment of war prohibition still exist. The resolution concludes:

"Therefore, be it resolved that we most earnestly memorialize Congress not to follow the recommendation of the President for repeal of wartime prohibition."

That we hereby further petition Congress to enact such legislation as will speedily and effectively enforce the will of the people that absolute prohibition shall prevail throughout the length and breadth of our country as expressed by the legislatures of forty-five out of forty-eight States of our Union."

VERSAILLES, May 23.—Count von Brockdorff-Rantzau and his colleagues of the German peace delegation who left Paris yesterday for Spa, expected to return Sunday. The remaining German delegates are proceeding with their work as usual.

BERLIN (Thursday), May 23.—The unexpected departure of Chancellor Scheidemann, Count von Brockdorff-Rantzau, Dr. Bernhard Dernburg and Dr. Bell, the Colonial Minister, for Spa tonight started a rumormongering of a Cabinet crisis.

Schwarz, the Saxon Minister of Agriculture, has returned to Dresden from Versailles because he is no longer connected with the German peace delegation. The Minister says that sickness caused his withdrawal, but it is assumed here that a letter he wrote to the Volks Zeitung of Dresden sharply criticizing the peace delegation, really was responsible.

LONDON, May 23.—Chancellor Scheidemann, Dr. Bernhard Dernburg and Dr. Bell, the Colonial Minister, left Berlin for Spa on Thursday to meet Count von Brockdorff-Rantzau and his colleagues of the German peace delegation. The final wording of the counter-proposals to be presented at Versailles, says a Berlin dispatch, will be ready in two new notes to the secretariat of the Peace Conference. They had to do with the subjects of internal legislation regarding labor and German properties in Allied countries.

The contract of four met this morning and discussed the military terms.

TO INSPECT FORTS.

Artillery Head Making Tour of Strategic Positions.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, May 23.—Brigadier General Frank K. Ferguson, commanding general of the South Pacific Coast Artillery District, left here today on a ten-day inspection tour of the various forts in the district. Among the points to be inspected are Forts Rosecrans and MacArthur and the army balloon school at Arcadia.

ALBERS PERFECTS APPEAL.

(BY A. P. NIGHT WIRE.)

PORTLAND (Or.), May 23.—J. Henry Albers, Pacific Coast milling man convicted last February of violating the Espionage Act, perfected his appeal from the District Federal Court today by filing a \$10,000 bond. Arguments on the appeal will be presented in the Federal Court of Appeals here in September. Albers was sentenced to serve three years at McNeil's Island and pay a fine of \$10,000.

SEE HUN CRISIS AT SPA CONFAB.

Not Believed in Paris Rant-
zau has Broken.

Thought Public Opinion in
Germany for Signing.

Conference Expected to Make
Ultimate Decision.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, May 23.—Newspapers here believe that the absence of Count von Brockdorff-Rantzau and other members of the German delegation, who left yesterday for Spa, will be short. Some regard the departure of the Germans as a means of utilizing the delay in the peace negotiations granted by the Peace Conference Wednesday. It is believed the German leaders have taken a stand against signing the treaty, but that public opinion in Germany is against them, and they will retreat and reach a position which will make an agreement with the Allies more possible. All the newspapers consider the departure of the chief of the German peace delegation does not indicate a break.

VERSAILLES, May 23.—Count von Brockdorff-Rantzau and his colleagues of the German peace delegation who left Paris yesterday for Spa, expected to return Sunday. The remaining German delegates are proceeding with their work as usual.

BERLIN (Thursday), May 23.—The unexpected departure of Chancellor Scheidemann, Count von Brockdorff-Rantzau, Dr. Bernhard Dernburg and Dr. Bell, the Colonial Minister, for Spa tonight started a rumormongering of a Cabinet crisis.

Arguments on the appeal will be presented in the Federal Court of Appeals here in September. Albers was sentenced to serve three years at McNeil's Island and pay a fine of \$10,000.

and clauses relative to prisoners of war which will be incorporated in the treaty with Austria. Military experts attended the session.

The council of foreign ministers took up the protest of Belgium against the failure of Germany to turn back the Belgium government archives taken by the Germans from Brussels. It also discussed reports received regarding German maneuvers in connection with Poland, as well as the Hungarian question.

BLOW TO SWISS.

(BY CABLE AND ASSOCIATED PRESS.)

BERNE (Thursday), May 23.—The New Gazette of Zurich, a newspaper with ententeophile leanings, characterizes the note addressed to the Swiss government by the Peace Conference asking whether it would be willing to enforce a more severe blockade against Germany, if necessary, as a "smashing blow against self-determination by small nations" and a "bitter illustration of President Ador's declaration that Switzerland can enter the League of Nations with a proud and erect head."

Confidence in the League of Nations, it is pointed out, is diminished by the note and the opposition to the country entering the league is growing.

PRESBYTERIANS PUT
OFF WOMAN EQUALITY.

ASK PEACE DELEGATES TO
CONSIDER UCLER IN ACT-
ING ON IRELAND.

(BY A. P. NIGHT WIRE.)

ST. LOUIS, May 23.—Action on resolutions to grant women full equality in church affairs was postponed until 1920 at the closing session of the one hundred and thirty-first general assembly of the Presbyterian Church, U.S.A., here today.

A resolution urging individual churches to make annual appropriations for paid newspaper advertising was adopted by the commission-ers today.

The assembly adopted resolutions urging that the American commission-ers to the Peace Conference give equal consideration to Ucler in determining any action on the Irish question.

DENVER, May 23.—The northern Baptist convention today unanimously adopted the report of the National Committee of Laymen providing for the creation of a general planning board to co-ordinate activities of the church under one governing body, consisting of 140 members.

CARE OF COMPLEXION
AND SKIN IS IMPORTANT

Every woman desires a beautiful complexion. To this end many preparations have been evolved to aid nature in caring for the skin. On account of its regular qualities and soothing, healing, antiseptic and refreshing action, Santal-ine Lotion is used daily by many thousands. It not only protects the skin from wind and sun, freckles and tan, but assures entire freedom from blemishes such as enlarged pores, pimples, redness, cold sores, blackheads, etc. Women who love to look always fresh and wholesome find Santal-ine a most valuable ally. Its action is natural; its constant use will impart to the skin a soft, velvety texture. Santal-ine is wonderfully healing, being almost in-

stant in results in cases of itching and irritation, rash, prickly heat, sunburn, windburn, flea bites, dry or harsh skin, and other affections to which the skin is subject. Men like to use Santal-ine after shaving; they find it singularly refreshing. Its action is natural; its constant use will impart to the skin a soft, velvety texture. REPUBLICANS HASTEN APPROPRIATION BILLS.

HOUSE LEADER DENIES SENATE
FILIBUSTER KILLED THEM
AT LAST SESSION.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 23.—General debate on the \$15,000,000 Indian Appropriation Bill was completed today by the House in accordance with the schedule arranged by the Republicans for rushing through the appropriation measures which failed in the last Congress and which must be passed before July 1. The bill will come up tomorrow for debate under the five-minute rule and for final passage.

The discussion as to responsibility for failure of large appropriation measures in the last Congress was renewed today when Representative Jones of Ohio, Republican, asserted it was not the Senate filibuster of the last session which prevented the measures from being passed, but the failure of the Democratic members to pass the bills until such a late date that they could not be reported out by the Senate committees in time to be taken up.

Former Speaker Clark disputed this, saying the House had passed the supply bills two days earlier than usual and that if Republican Senators had not filibustered they could have been passed with time to spare.

Representative Kitchin, former Democratic leader, declared it was a "well-known fact" that three Republican Senators, by a "deliberate filibuster," had stopped passage of the measure.

Organization of the House committees is expected by Democrats and Republican leaders to be completed the first of the week. The Appropriations Committee continued today its discussions of the urgent deficiency bill and the Agriculture Committee appointed a subcommittee to consider supplemental appropriations and filibus amendments to the agricultural bill. The subcommittee will include in the bill a rider providing for the repeal of the daylight saving law. The Naval Affairs and Military Affairs Committee will not hold meetings until the minority members have been named.

STROM

for an Evening

ANGER IS CAREFUL.

(BY A. F. NIGHT WIRE.)
May 23.—Because of the danger of an injury, the referee probably will drop baseball from the program of the evening.

He has stored his motor car until after the other risks of an injury. He has decided to begin boxing to protect his ears from the blows of a giant negro heavyweight from New York's camp today and looks like a valuable asset in ring togs and has a reach of an inch and a half.

Under two sets of especially hand-made championship battle from San Francisco and the regulation five-ounce weight.

HERMAN KNOCKS ERTLE FOR C

(EXCLUSIVE REPORT.)
MINNEAPOLIS, May 23.—The champion of the world, Herman, has decided to fight the champion of the world, Ertle, in the fifth round, with a left hand and a right hand.

Yesir, They Caught 'em All on Their First Attempt.

Misses Jose Calman (on the left) and Mabel Jacobson (on the right), who went fishing at Catalina the other day and caught all of these fish in four hours. The heaviest fish weighs ten pounds, which is a good-sized animal for a barracuda. The young ladies claim that they had never fished before, but, then, any fish would take a chance of being landed just for the privilege of a look.

TIGERS TRAMP ALL OVER HIM.

Dazie Vance Walloped Hard in First Inning.

After that They Didn't Score so Very Freely.

But Then They Were Ahead and Didn't Have To.

(EXCLUSIVE DISPATCH.)

SACRAMENTO, May 23.—"Dazie" Vance didn't seem to have much on the ball today besides his fingers as Patsy Arbuckle's hired men, taking a one from the Rodgers gang yesterday, started right from the gun. Six strong and healthy swats they piled off the blonde-haired finger, one base on balls filled in, and a further infliction of an error and three stolen bases helped three of the "Dazie" platoon to trundle across the platoon—all in the space of one brief and tortuous canto—the first.

SAD STORY.

When Jack Mitchell, coming up for the second time during the inning, finally saw to Remy Middleton for the third out, the clapper pounded the ground and the ball began to roll. Six times the clapper pounded the ground from the mound to the clubhouse. During the remaining paragraphs of the matinee the Senators hopped onto "Whisper" ball for grand total of fourteen safe swats, driving him from the hill in the ninth and collecting an even half dozen of runs for the home folk.

ALL OVER.

That first paragraph of the matinee was a slaughter. The Yankees leaped Vance like the Canadians took Vimy Ridge, and when the first rush was over all counter attacks were unavailing. Mitchell opened fire with a sheer over short Chadbourne went out on a sensational play made by Billy Orr, who went about seven straight feet over the second base line, and then he threw the ball to Orr, scoring Mitchell.

Followed Meusel with a heavy smack to right center, which Beck picked up and hurled wildly to Pinelli, the ball going through to the Arduke dugout. Edgington scoring and Meusel going to third. Bob Fisher then piled one safely in to left territory and Meusel arrived. Meusel second. Borton walked, and was forced out a moment later upon Beck's infield tap to Orr, who named the pitcher to Meusel, and poked the pellet out of the in-closures.

HELP WANTED.

At this stage of the massacre Lefty Cole was called from the dugout to warm up with Danny Murray. With the stage set for a double steal, Beck dashed for first and Gus Fisher, having hurriedly to McGaffigan, pegged a high one and Marty went him one better with the result that Bob Fisher registered while Beck continued on to third. Brooks followed with a single past Meusel, and then stole second.

"Whisper" Dell hereupon hurried in to proceedings with a spanking Meusel, who was then forced out at second by Beck, who came to the plate safely. Came then Johnny Mitchell to the plate, and then stole second, and finally he went out.

The Senators got a single but went overboard driving the ball to the paragraph, and Lefty Cole took the hill. From there on the visitors were never very dangerous, save when Babe Horns caused a groover, and poked the pellet out of the in-closures.

KEEPS GOING.

Bill Rodgers, though badly bent, refused to be sat upon and kept right on after the scalp of "Whisper" Cole, who put a marker over in the fourth on three safe swats, staging a repeater in the seventh.

At the eighth the eighth was opened by Cole who hit safely over the second sack. Pinelli flew to Chadbourne. Middleton then came to the plate, and was forced out at first by Beck, who came to the plate safely. Came then Johnny Mitchell to the plate, and then stole second, and finally he went out.

The last half of the ninth opened with Lefty Cole, who hit safely over the second sack. Pinelli flew to Chadbourne. Middleton then came to the plate, and was forced out at first by Beck, who came to the plate safely. Came then Johnny Mitchell to the plate, and then stole second, and finally he went out.

GIANTS START LATE.

NEW YORK, May 23.—After failing to get a man on base until the fourth inning, New York hit Donk of the St. Louis Cardinals with a score of 7 to 6. The score:

Club	W.	L.	P.
Los Angeles	10	15	487
Oakland	10	15	471
San Francisco	10	15	468
Salt Lake	10	15	464
Vernon	10	15	461
Portland	10	15	458

REDS HIT HARD.

BOSTON, May 23.—Cincinnati's Keating and Phillips hit hard and defeated Boston, 10 to 4. After two were out and none on bases in the second, the Reds made five hits, which, with a base on balls scored five runs. The score:

Club	W.	L.	P.
Los Angeles	10	15	487
Oakland	10	15	471
San Francisco	10	15	468
Salt Lake	10	15	464

GHIRARDELLI'S Ground Chocolate

the world's beverage

More and more, chocolate is being acclaimed as the world's beverage. And small wonder! For, measured by its food-value, its body-building power, its stimulating properties—chocolate looms large on the world's food-horizon.

And everything that can be said about good chocolate applies with more than ordinary emphasis to Ghirardelli's Ground Chocolate—the chocolate that is in daily use in more than a million homes in the West.

NEWS OF THE LOCAL CHURCH FIELD.

(Continued from Second Page.)

"MANY INVENTIONS."

"Many Inventions" will be the subject of Dr. Carl S. Patton's sermon tomorrow morning, at the First Congregational Church.

In the evening, he will give the last of his series of talks on "Men Around the Peace Table," speaking on Clemenceau.

Dr. Dana W. Bartlett will give an illustrated lecture on "Housing Problems" Monday evening at 8 o'clock.

The eleventh annual session of the Inter-Denominational School of Missions will be held in the First Congregational Church from June 2 to 6, inclusive.

Two sessions will be held daily. There will be a daily class in Bible study at 11:30 a.m., conducted by Dr. James A. Francis.

"OUR HEROIC DEAD."

Memorial services will be held under the auspices of the United Spanish War Veterans tomorrow morning at Park Congregational Church, Bellevue and Douglas streets.

The pastor, Rev. Henry Stauffer, will preach on the subject, "Our Heroic Dead." The subject at the evening service will be "A Parable of the Soil."

DRY MASS MEETING.

BIBLE INSTITUTE.

Dr. Ira Landtrick will be the speaker at a dry mass meeting to be held at Bible Institute tomorrow afternoon at 3 o'clock.

His subject will be "America Redeemed." This meeting is a part of the program of seven consecutive tours of principal cities being conducted by the Anti-Saloon League of America and the World Prohibition Conference to be held in Washington, June 4, 5 and 6, next. Each speaker is accompanied by representatives of other countries.

THE WHITE TEMPLE.

Dr. Bruce Brown, pastor, will preach tomorrow morning at the White Temple, South Park avenue and Forty-second street, illustrating his talk with a large colored chart.

Memorial services with patriotic music will be held in the evening.

"THE WILL OF GOD."

TEMPLE BAPTIST CHURCH.

Dr. W. H. Galtwill will preach his last sermon for the present in Los Angeles at Temple Baptist Church tomorrow morning.

His subject will be "The Will of God." He will sing a contra-alto solo and there will be a quartet of soloists.

The Organ Quartet from the Cinema Theater, will sing at the evening service. The men spent fourteen months in the camps and will appear in khaki uniforms.

Dr. Galtwill's evening subject will be "A Man's Job."

MEMORIAL SERVICE.

BARTLETT LOGAN POST.

The Bartlett Logan Post, G.A.R., will unite in memorial services tomorrow morning at the Vernon Avenue Congregational Church, Rev. William Davies, pastor, will speak on the subject, "I Have Fought a Good Fight." There will be patriotic music.

DEAN MACCORMACK.

ST. PAUL'S PRO-CATHEDRAL.

Seven will be the subject of Dean Maccormack's morning sermon at St. Paul's Pro-Cathedral tomorrow.

In the evening the service will be in honor of Empire Day. The British societies will gather in St. Paul's to offer solemn thanks for the victory that has been won.

The dean will speak on "Great Britain and the War."

MUSICAL SERVICE.

FIRST PRESBYTERIAN CHURCH.

Local company, will be well represented at the monthly musical service tomorrow night at the First Presbyterian Church. The service will be under the direction of G. Pease. The quartette consists of Miss Ruth Shaffer, Mrs. Virginia Lee Moore Matton, John Buchanan and A. G. Prankrich. Dr. Hugh K. Walker is the pastor.

REYNOLD E. BRIGHT.

CHURCH OF THE PEOPLE.

"Heroism in Peaceful Days"

"THE KING IS DEAD."

CHURCH OF THE OPEN DOOR.

In the absence of the pastor, Dr. Henry, who is attending at the "World Conference on Fundamentals" now in session in Philadelphia, Dr. Ralph Atkinson will preach tomorrow morning at the Church of the Open Door, taking for his theme at the morning service, "The King Is Dead." At the evening service, Dr. Atkinson will take for his topic, "A City-wide Campaign Against Sin."

There will be music by the male chorus, mixed chorus male quartette, and a solo by Miss Anna Galloway.

MEM'S MEETING.

RIOLA HALL.

Rev. Howard N. Buxton, pastor of the Church of the Redeemer, will speak at the men's meeting at Riola hall, 528 South Spring street tomorrow afternoon at 8 o'clock.

His subject will be "The World as It Is." The subject of the evening service will be "The World as It Should Be."

Speakers and subjects for the evening meetings during the week are as follows: Monday, J. C. Sullivan, "A Ped Message for a Red World"; Tuesday, W. H. Pike, "Whose Property Are You?"; Wednesday, David T. Cart, "The Three R's of the Gospel"; Thursday, D. G. Monfort, "Good News"; Friday, G. B. Bolton (the converted saloonkeeper), "Salvation"; Saturday night, a stereopticon lecture.

BIBLE INSTITUTE.

ORGAN RECITAL.

The fourth in the series of organ recitals in the Bible Institute Auditorium, will be given Tuesday night by Ernest Douglas, assisted by the Boy Choir of St. Paul's Pro-Cathedral, with F. E. Geiger, baritone, and Norman McPhail, tenor, as soloists.

The following Tuesday, Edwin H. Lemare will be the organist at the Panama-Pacific Exposition.

"SOUL AND BODY."

CHRISTIAN SCIENCE.

There are eleven Christian Science churches in Los Angeles which hold regular services on Sunday at 11 a.m. In each of them for tomorrow is "Soul and Body." Sunday evening services will be held at the following churches: First, Fifth, Sixth and Seventh churches, and each Wednesday evening a meeting is held which includes testimonies of Christian Science healing.

CHURCH NOTES.

Rev. W. E. Dwyer, of the First Baptist Church, will preach tomorrow morning at the First Baptist Church, 22nd and Broadway, on the subject, "The World as It Is." The subject of the evening service will be "The World as It Should Be."

At the First Methodist Episcopal Church, 12th and Broadway, the pastor, Rev. J. E. Smith, will preach tomorrow morning on the subject, "The World as It Is." The subject of the evening service will be "The World as It Should Be."

the word "syndicate" in connection with the
name of the local newspaper published herein.

SATURDAY MORNING, MAY 24, 1919.

THE KEYSTONE.

Men who hate to pay nine shillings
for a straw lid admit we are having a
perfectly lovely spring, even if it was a bit
backward.

EXISTENCE.

Federal investigators figure that it
would cost the normal American family
\$500 a year to live. At that rate the four
families out of five who draw less than that
sum must merely exist. Great are the Fed-
eral investigators.

BRINGING 'EM BACK.

Two former German ships unloaded
more than 30,000 soldiers from France at
New York on the same day. They are said
to be the greatest vessels in the world and
find their greatest value in aiding in the
demobilization of a victorious host.

WHERE'S THE BOTTLE?

Statistics show among other things
that the life of a milk bottle is seventeen
trips. After that it either disappears or
maintains a cracked skull or other fracture.
What becomes of the lost ones furnishes
the dairyman something to worry about.
Considering the price he gets for the white
stuff, he ought to have something to worry
about along with the rest of us.

JAZZ AND JURIES.

A mixed jury in a case up the coast
asked the judge for a phonograph and some
dance records to while away the time be-
tween sessions. This is a variation from
the old-fashioned seven-deck for which
masculine juries were wont to plead. A
lively fox-trot or dame ought to be able to
line up the obtuse jurors in short order,
or at least help jazz the defendant out of
jail.

PAYING THE PREACHER.

Reports at the Baptist convention were
that a majority of the ministers were re-
ceiving day laborers' wages. If they were
sure of that they would be faring better
than the old-time preacher. The common
laborer nowadays sells his mark at about
\$120 a month and lots of pastors would
have thought that a good income—if they
could collect it. It is fine indeed that the
ministers have the consolation of a future
reward, for certainly they do not all get it.

SCHOOLS AND SKIRTS.

The ruffing of State Superintendent
and that the skirt is in the schoolroom
and ought not to be allowed in the schoolroom
may miss up the feelings of some of the
high school girls down this way. They
have been making skirts so narrow that
the "have to slit 'em to wear them. Other-
wise, the girls would be late for school. As
it is, a procession of modern maids resem-
bles training for a sack race. If the skirt
isn't slit it is apt to be so tight that the
wearer has to raise it nearly to her waist
when she boards a car or tries to run. As
between them it is a "show-down" in the
matter of modesty. However, the rule of
the sex is that it is better to be fashionable
than sensible. Modesty must take its
chances.

GOING TO CHURCH.

Just exactly the advantage of smoking
in church does not seem to be clear.

About once in so often there hops up an
unnaturally nervous clergyman who is sure
that the churches are going to close and be
used for garages. He is sure that if they
issued a notice permitting parishioners to
put their feet on the seats in front or to
smoke in church or lounge in the aisles or
note the cellar for a shooting gallery the
public would block the traffic trying to get
there.

IF MEN WON'T GO TO CHURCH FOR THE SAKE OF

going to church they won't get all dressed
up in a billed shirt and their best shoes and
march down there to have a pipe. Mean-
while the old church seems to keep peg-
ging along on the job just the same.

SANT' FRUTIVE.

Our last illusion has now fled. The
sage, respectable and sagacious Associated
Press to fail for an old press-agent gag
about insuring Ruth St. Denis' toes for a
million dollars!

The first press agent, back in the days of
Babylon and Tyre, invented that and it
wasn't such a very good one even then.
Perhaps, however, it was intended as a
tribute to the nerve of any lady who will
sacrificingly keep on feeding the public "in-
terpreting dancing."

For fat society ladies to cavort around
in bare legs, imitating elephantine but-
flies, to thunder on the mimic stage in il-
lustration of the fall of the gentle rain; to
crash around the furniture and shake the
ceilings, showing how the thistle-down
blows is all O.K. We are for it. It re-
duces flesh and keeps money in circulation.

ELEVEN MILLIONS FOR EDISON?

No, No! What the City Could Have for the Money.

IF ONE may judge by the published utterances of its members, the Public Service Board has about reached a condition of mental insolvency. They have prevailed upon the City Council to call a special election on June 3 for the purpose of ratifying a proposed bond issue of \$11,000,000 for the purchase of the old distributing system of the Edison Electric Company situated within the present corporate limits of Los Angeles. The Railroad Commission filed a report on September 6, 1916, fixing the physical value of the Edison distributing system at \$4,715,000. With the exception of the West-gate district (a minor addition,) there has been little extension of the Edison system since that time. Yet estimates based on the war values of materials used have furnished an excuse for advancing the price of the system to the \$11,000,000 figure named in the proposed contract.

Why the city should purchase that distributing system at this date, and at such a price, is inexplicable. Why \$11,000,000 in electric bonds should be thrown upon an already overburdened municipal bond market for the purchase of something the people already possess, is one of the mysteries whose secret is known only to the faddists manipulating the deal. A glance at stock quotations will prove that the securities of electric light and power companies are a drug on the market, for the good and sufficient reason that electric development is yet in its infancy and the discoveries of tomorrow are very likely to lead to the scrapping of the plant of yesterday as antiquated and too costly to operate.

II.

UNDER the terms of the tentative contract the city would be bound to purchase any power that it needed, outside that generated along the aqueduct, from this same Edison company for a period of thirty years. That power preference clause is of itself enough to damn the whole deal. For the city to enter into such a contract in the face of new electrical development is sheer folly, if not worse. A noted electrical expert gave the opinion this week that, by the expiration of twenty-five years, every home will be lighted and heated by a private electric generating plant installed on the premises and that electric wires and conduits will have disappeared from the streets.

It is little wonder that the officials and stockholders of the Edison company are making such strenuous efforts to unload their distributing plant upon the city at a valuation that would give the company a fat profit. But how about the taxpayers who will find the credit of the city squandered and themselves holding that \$11,000,000 sack, with absolutely not one new asset to show for it? Not one power wire that is not already strung!

Because Los Angeles has been liberal in voting bonds for building the Owens River aqueduct and improving the municipal harbor at San Pedro, it does not follow that the electorate should sanction the purchase of a distributing system that is now in operation and serving them well, when there is no prospect of reducing the price of electricity to the consumer one penny. Remember that the price the consumer pays for electric light and power in Los Angeles is fixed, not by the power companies, but by the State Railroad Commission. The companies are allowed only enough to pay for actual cost of service, depreciation and interest on the investment. If they are getting more than that now it is a matter for the Railroad Commission. If the city should take over the distributing system it would have to make the same allowances and the consumer would very likely pay more, not less, for the service.

For the experience of the last year and a half has opened the eyes of the public to the sophisms of public operation of an industrial property. President Wilson has had his fill of experimentation with government operation. He announced in his message to Congress Monday that he would return the railroads and the telephone and telegraph lines to their owners. The loss and confusion attendant on government operation were appalling. The same conditions exist in a lesser way in Los Angeles and the same comparative results would be secured; for like causes cannot produce unlike effects.

III.

IF THE contract for purchasing that distributing system were as profitable to the city as the Edison officials represent it, The Times would still hesitate to recommend its acceptance, for the reason that there are other things that Los Angeles needs much more than the possession of that system; and squandering our credit and loading us down with additional bonds will make their acquirement impossible. Los Angeles is the only city of half-million population in the United States that does not own its public library building. It is one of the very few cities of half a million population that does not own and operate a municipal auditorium. It is one of the constantly lessening number of big cities that does not possess a civic center.

Has it occurred to you, Mr. Taxpayer, that Los Angeles could have the finest library building in the West, in the midst of a magnificent civic center; that grouped about it could be a municipal auditorium, a City Hall worthy the name, a municipal art building and a State building—all at a total cost of less than \$11,000,000?

Despite the losses inflicted by fire and earthquake San Francisco has all these things, and the citizens of the northern metropolis are proud of them. Los Angeles is asked to forego them all because the public credit is needed to secure that \$11,000,000 in bonds for needlessly taking over the distributing system of the Edison company. Think of the added attraction which these public buildings, ranged about a civic center, would give to Los Angeles; think of the industrial impetus of the employment of the necessary labor to construct them, and compare the result with the taking over of a distributing system which is now here—getting a thing we now have, adding nothing. And keep that picture in your mind when you stamp your ballot on June 3. The time has arrived when those improvements should be inaugurated; when Los Angeles must shake off its old clothes and array itself as befits a queen of American municipalities. Buy new clothes—don't re-buy the old.

IV.

INVESTIGATIONS made this week by citizens who desire more light on the power bond purchase have revealed that the proposed contract between the city and the Edison company is not even signed. If the bonds were voted the Edison company could still haggle and barter over the kinds of property that were to be included in the distributing system; and the Public Service Board would be in position to use that \$11,000,000 in carrying out any kind of contract it might care to frame. Voting bonds in such a slipshod manner is the antithesis of sound business judgment.

The Times has called attention heretofore to the fact that the voters are asked also to ratify the issue of \$2,500,000 in bonds to construct a power plant and develop additional electrical energy along the aqueduct. The Times favors this development of aqueduct power; but the Public Service Commission, for a reason which it steadily refuses to reveal, saw fit to link this proposition with the purchase of the Edison distributing system, uniting the two so indissolubly that a citizen cannot vote for the one without also endorsing the other.

The Times believes that the so-called power bond proposal should be voted down and that the new Council should be petitioned to submit at an early date a proposal to vote bonds for developing power along the aqueduct, but without any \$11,000,000 rider for the purchase of an old distributing system of doubtful value at war prices.

A BELLIGERENT AND PROGRESSIVE NATION.

One of the smaller and lesser-known nations that took a part in the victory over Germany was Siam. Bound to France by numerous ties and extremely friendly with Great Britain and the United States, Siam broke off diplomatic relations with Germany in response to President Wilson's invitation to all neutral powers at the time the United States prepared to enter the war.

Siam did more than merely dismiss the German Minister, make a formal declaration of war, seize German interests and then wait for others to win the battle. She prepared to take an active part in the war. An aviation corps of 500 men was organized, trained by French officers and sent to France. Although they did not arrive in time to see any active service, the Siam aviators, by their organization, training and readiness to fight, have done much towards raising Siam in the estimation of the world.

But Siam did still more. Only the collapse of Germany kept Siam's troops from participating in the land fighting; for an entire

division, organized and equipped after Siam had declared war, was landed at Marseilles just a few days before Germany quit. For so small and previously wholly unprepared country it was indeed a remarkable thing to have been able to send troops to France at all. While the Siam troops did not reach France in time to fight, Siam's aviators were employed in large numbers in semi-military work. A Siam regiment was sent to Vladivostok to assist in the Siberian occupation.

Having done all this, Siam has apparently no selfish demands to make. If she has asked anything at the Peace Conference it has been so small that it has not been even mentioned in press dispatches.

Within the last few years Siam has made great advances industrially. All reports that come from the country testify to new enterprises being started, to demands for new and modern equipment for factories, training and readiness to fight, have done much towards raising Siam in the estimation of the world.

"Alice seems very liberal in her views."

"Yes, and very lavish of them."—(Boston Transcript.)

AROUND TOWN. — BY GALE

THERE HASN'T BEEN MUCH DOING THIS WEEK BUT TODAY THINGS START!

THE SHRINERS ARE OFF FOR CATALINA FOR THEIR SPRING CEREMONIAL.

—AND THE BRITISH CELEBRATE EMPIRE DAY.

MISS BEATRICE IS SUPPOSED TO DIRECT THE BRITISH EMPIRE CELEBRATION TONIGHT BUT THIS IS ONE OF OUR OWN.

C. WHITE MORTIMER AND HARRY B. CROUCH ARE AMONG THOSE WHO HAVE BEEN NAMED FOR THE BRITISH EMPIRE CELEBRATION TONIGHT.

THE BRITISH EMPIRE CELEBRATION TONIGHT IS A SUCCESS.

A WASTED PROMISE.

A Secretary Burslow, at the time he assumed direction of the telephone interests of the country, permitted the idea to seep into the heads of the people that he was going to run the wires and the mails in such efficient harmony and such exchangeable economy that in a very short time every home in America would be connected with a telephone exchange. At the first dash out of the box he ripped up rates and advanced operative costs until now, with a further increase in tolls and rental charges, it is estimated that upwards of half a million subscribers are ordering their telephones disconnected. The Secretary may not be blamed for all this, but he certainly should not have touted government operation so strongly. Now people are disposed to hold him responsible for conditions. The idea of a phone in every home has gone glimmering, and the physical value of the property has been impaired by the loss of subscribers and business and the increase in cost of operation.

Binks: Do you and your wife ever talk the same? Jinks: When I'm out late at the club we do. She keeps thinking what she'll say when I get home, and so I do. —(New Orleans Picayune.)

As we understand the situation in Paris, the line where the Austrians are expected to sign is just below the line where the Huns are supposed to attach their John Hancock.

EMPIRE DAY.

BY EDWARD F. BAILEY, M.D.

It is one of the characteristic qualities of the people of Great Britain not to blow their own horns. Indeed they not only studiously avoid anything in the nature of self-advertising, but they have an inveterate reticence and reserve—frequently mistaken for haughty self-complacency—in speaking of their own achievements. They are rather given to understating their case and have a distinct aversion to the limelight unless it is absolutely necessary to emphasize a condition of fact and they then call a spade a spade, believing that sincerity needs no camouflage. Tenacity of purpose and extreme loyalty are vital national traits of the British.

It was in this spirit that King George of Great Britain incited in his message to President Wilson of U.S.A. on the signing of the armistice these lines: "It is a matter of solemn thanksgiving that the people of our two countries, akin in spirit as in speech, should today be united in this greatest of democracy's achievements."

On the 24th of May people of British birth throughout the United States of America, in fact throughout the English-speaking world, will be celebrating Empire Day. This day they have been honoring since 1838, the year Queen Victoria was crowned; however, prior to January, 1901, it was known as Queen's Birthday, but after her death on that date a proclamation was issued that in commemoration of her wonderful reign and the abiding affection of her subjects, the day be continued as a national holiday and known as Empire Day.

Victoria (Alexandrina Victoria), Queen of the United Kingdom of Great Britain and Ireland and Empress of India, was born at Kensington Palace, London, on the 24th of May, 1819, and was christened on the 24th of June six weeks after she was vaccinated, this being the first occasion on which a member of the royal family underwent such operation. Until she became Queen she never slept a night away from her mother's room, as was never allowed to converse with any grown-up person, friend, tutor, servant or other without her mother or private governess being present.

On the 26th of June, 1837, William IV died, leaving her in succession to the throne. Public proclamation of the fact took place on the 21st of June, 1837, at St. James Palace. She was also at that time voted an income of £285,000 per year (\$1,867,250).

Her coronation took place on the 28th of June, 1838, at Westminster Abbey, and on the 10th of February, 1840, she was married to Prince Albert in the Chapel Royal St. James, who thus became Queen's Consort. He died on the 14th of December, 1861, which was the saddest year in the Queen's life, his death leaving a void which nothing could fill.

The Queen's whole life, publicly and privately, was an abiding lesson in the paramount importance of character. She not only captivated the affection of the multitude, but won the respect of thoughtful men, such as Gladstone, Disraeli, Chamberlain, etc. Her reign exceeded in length that of any other English sovereign. In the autumn of 1900 her health began definitely to fail, which was accentuated by the anxieties of the Boer war. She received Lord Roberts on his return from South Africa and died on the 22nd of January, 1901, mourned by the whole world.

The British Empire is the name now given to the whole aggregate of territory, the inhabitants of which, under various forms of government, ultimately look to the British crown as supreme head.

The British Empire occupies nearly one-quarter of the surface of the earth, extending over an area of about 12,000,000 square miles. This area is about equally divided between the southern and northern hemispheres; this includes the British Isles, Australia, South Africa, Canada, India and many other small areas and islands, giving the title of "The Empire on Which the Sun Never Sets."

The total approximate population is about 400,000,000, of which about 55,000,000 is white, composed mainly of the Anglo-Saxon race, and the balance is the native people and includes types of the principal black, yellow and brown races.

The hand of friendship is always extended to Britishers and Americans, no matter to what part of the world they may journey, and they always made good citizens. It is a common characteristic of both that, no matter in what country they may find themselves and how long they remain there, they always maintain an affection and desire to pay respect to the land from whence they came. There is nothing in which you can compare the enthusiasm, that love of country, which is ever pulsating in the breast of the Anglo-Saxon race.

CHARLIE CHAPLIN'S FIRST HIT. Who would ever believe that there was a time when Charlie Chaplin was considered "punk"? Yet it is really true, for in the old Keystone days Charlie was the white elephant of the studio; no one wanted to direct him, because he had such "queer ideas" of how things should be done, and of what comedy consisted. He insisted on introducing his own brand of comedy, and the directors looked askance at him and wondered why he was ever hired.

When "Tilly's Punctured Romance" was cast Ford Sterling was to have had the lead opposite Marie Dressler and Mabel Normand; but Ford took sick and there was no one else to take the part—no one but "that fellow, Chaplin."

"Oh, well," said the director, "he'll be rotten, but the rest of the cast will be good." Put him in and let's do the best we can."

The picture made Charlie—and Charlie made the picture. After that the director went around telling each other, "Didn't I say so?" "Isn't he a scream?" "Didn't I always say he'd make good?" —(M. L. E. in Film Fun.)

WALT MASON. I used to be a chronic knocker; I wore the cynic's gloomy frown; I was a most persistent mocker of all the worthy schemes in town. I once cried, "Let's pave the village and make our streets as slick as wax," I said, "That's but a form of pillage, a scheme to raise the poor man's tax." I blocked the plans of local boosters and found in blockading them much bliss, and crowed like fifty-seven roosters when schemes progressive went amiss. I found myself so doggone lonely I broke my heart and made me sad; I said, "I'd give my wad if only I had some friends in this here grad." But no one visited my palace, save when some gent of sterling worth came round and asked, in seeming malice, what I would take to jump the earth. "This town can reach no high condition," my callers said, upon a day, until our skilled, urbane mortician has come and carried you away. I yearned for friends and to obtain them I ceased to knock and learned to boost; it was the proper way to gain them, and now they flock around my roost. I put away my little hammer, it hangs, all dusty, on the wall; and when the village boosters clamor, my voice is loudest of them all.

PEN POINT.

BY THE EDITOR.

It may yet be some time before somebody does something to make a lot of us.

A forty-one year old man, born in Long Beach, Cal., will make a lot of us.

None of the big news items of the day is a mandate of the people outcast of citizens.

If only those who are in a position to stand to tell the truth to the people would do so, the world would be a better place.

If the people would only stand to tell the truth to the people, the world would be a better place.

Now for the celebration of Empire Day. Let us hope the whole country will be united in this greatest of democracy's achievements.

If we understand the situation in Paris, the line where the Austrians are expected to sign is just below the line where the Huns are supposed to attach their John Hancock.

Augustus R. Loebl, who has been elected President of the Los Angeles Branch of the British Empire League, is a man of great ability and energy.

Marshall Foch is visiting the United States and is expected to attend his visit to Los Angeles.

Republicans are falling over themselves to support the new internal revenue amendment. The new law will follow well as the old one.

The search for Harry Houdini, Australian aviator, has been abandoned. His life is in no danger, as he is well aware.

After a long conference, the question of the United States officials have decided that the new internal revenue amendment, that case what is the result of the justly famous "A" case.

One of the legends of the past, that the good name of the British Empire is being given out by the press, is a very old one.

Three years ago we had to fight the Boer war. Last year we had to fight the Boer war. This year we have to fight the Boer war.

Hon. C. Hiram Woodcock, ex-Ninth District Congressman, is a man of great ability and energy.

With the appearance of the new internal revenue amendment, the Committee on the Senate of all talk of a revision of the Republican majority of the House appears to be a thing of the past.

THE WARREN. When first from the clouds of the past, the sun of the future came, the people of the world were in a state of confusion.

From the house I have heard the voice of the people, the voice of the people, the voice of the people.

The voice of the people, the voice of the people, the voice of the people.

WATERS' Cass, Sr. 412-14 South

PEN POINTS
BY THE STAFF.

It may yet be necessary to have somebody down before that treaty is patched up.

A forty-ounce baby girl has been born in Long Beach, but the mother will make a lot of her.

None of the big nations are making a mandatory of Turkey. It is outcast of civilization.

If only those who go on the news stand to tell the story of lives would tell all—but they don't.

If the Angels could only see against the Seattle team, they would tell all—but they don't.

Now for the celebration of the day. Let us hope the Long Beach tragedy will be repeated on the here or elsewhere.

EVIDENCE RULED
OUT OF TRIAL.

Purported Grand Jury
Testimony of MacWilliams
Declared Not Competent.

Laying heavy emphasis
upon it as being the probable
cause for the resignation of
Rev. Glen MacWilliams as
secretary to Mayor Woodman,
press reports circulated yesterday
pretended to review the
testimony given by MacWilliams
before the grand jury Wednesday.
It was set out that MacWilliams
stated that Horace Karr took him
out to Boyle Heights in an
auto and gave him a message
to Mayor Woodman in which
he said they (Karr and Woodman)
should refuse to testify if
called before the grand jury.

Judge Willis, after
attorneys argued for about two
hours, refused to admit the
Boyle Heights ride story as
evidence in the Woodman trial.

Further, just before my
departure for the grand jury on Wednesday
morning, last, Woodman stated
that possibly questions might be
asked concerning the secret service
fund, and, if so, to say that the
money he handed me had been used
by me for investigation of cafes,
dance halls, etc. I expressed surprise,
as no money had ever been
given me by him for such a purpose,
such work being foreign to my duties.

"After my former appearance
before the grand jury I criticized
some of the things I had said, adding
that my memory was not good.
In fact, each time that I did not
answer as he wished me to he would
say, 'Your memory is poor,' and by
various commands and insinuations
endeavored to have me testify
contrary to the truth.

"Thursday morning, last, upon his
arrival, I was called into his office
and he immediately asked, 'How far
did you go in the Karr case?' and
when I stated that I had told the
truth he again criticized my lack of
memory. I then said to him, 'The
truth is, I do not propose to damn
myself by lying for you or for anyone
else. I am through with this case.'
I walked into the outer office, where
Mrs. MacWilliams was waiting.

Woodman followed, stroking my
arm and saying, 'Keep your nerve.
When will you be back?'

The statement that I requested
a leave of absence, which he
claimed was refused, is absolutely
false.

"Since Woodman has seen fit to
maliciously abuse, criticize and belittle
me, I feel that this brief statement
of facts is necessary to clear my
memory and capacity for telling the
truth have never been better, and I
know of no reason why they should
not be so now.

"In conclusion, I wish to state
that I am back to fight for right
and truth, and in defense of my
good name and reputation.

"Signed,
GLEN MACWILLIAMS.

PROVIDES HOLIDAY.

Unique Cloak and Suit House to
Close Saturdays.

The Unique Cloak and Suit House
will close all day Saturday during
July and August. Max Jacobs said
yesterday that he believes this good
business because he feels that the
days' rest will have a beneficial
effect on the employees to such an
extent that there will be just as
much business done during the five
days and it will give the employees
an opportunity to enjoy themselves
during the hot months.

SEVENTY-NINE PASS.

Grand Army Men and Women
Friends Recall Year's Loss.

About 200 members of Stanton
Post, G.A.R., No. 55, and of the
Woman's Relief Corps, No. 16, met
at Patriotic Hall last night to hold
memorial exercises in honor of
those members who have died during
the last year. No speeches were
made, but the historians of the order
read brief papers concerning the
lives of those who have passed on,
and fifty-seven chairs were decorated
with flowers. Out of the
seventy-nine members of the G.A.R.
in Los Angeles, who have died in
the year just passed, Stanton Post
has lost forty and the Woman's
Relief Corps of that post has lost
seventeen members. Tonight the
Bartlett-Logan Post will hold
memorial services in Patriotic Hall
for the twenty-two members who
have died within the last year.

LOVE SUIT SEQUEL.

Court Awards Divorce to Mrs. Burdick
Following Trial.

Mrs. Maud E. Burdick told Judge
Crall in divorce proceedings against
Page Burdick, yesterday, that after
writing outside of the home of
Nellie Lee, until 10:30 p.m., Mr. Burdick
came out. Mrs. Lee accompanied
him to the door and kissed him good
night. Previous to that she had observed,
through a window, Mrs. Lee
lying on a couch in a kimono. She
was reading. Subsequently Mr.
Burdick entered the house and pulled
down the shade. Judge Crall granted
Mrs. Burdick a decree.

The result of her observations
Mrs. Burdick put into a lost love
suit which was tried some time ago
and judgment given against Mrs. Lee
in the sum of \$1750. Mrs. Burdick
is attempting to collect the judgment,
but Mrs. Lee having sold her home
and received Liberty Bonds, declared she gave the bonds
to a "gentleman friend" to invest
and that the friend is out of the
State.

VENICE CITIZEN DIES.

VENICE, May 23.—O. C. Melton,
one of the best-known residents
of Venice, died at his home here
yesterday after an illness of a few hours
of heart trouble.

Mr. Melton was owner of the
Windward-avenue Hotel and much
other property here.

MAYOR IS ACCUSED
BY EX-SECRETARY.

GLEN MACWILLIAMS ALLEGES
WOODMAN ASKED HIM TO
SWEAR FALSELY.

Charging that Mayor Woodman
tried to induce him to swear falsely,
Dr. Glen MacWilliams, ex-secretary,
returned to the city last night
saying he is back to fight for his
good name. He issued the following
statement:

"The following is my statement
to the people of Los Angeles as to the
exact facts leading up to my resignation
as secretary to the chief executive
of this city:

"Prior to the trial of Mayor
Woodman, he endeavored to induce
me to swear falsely should I be
asked certain questions, but such
questions were not propounded upon
my previous appearance before the
grand jury. However, on Wednesday
morning, when I appeared before
that body, one of the questions he
previously had in mind was asked
and, in answering, I told the truth.
I did ride in the automobile to the
residence of Thomas Hughes in
company with Mayor Woodman,
Horace Karr and Deane, the chauffeur,
on the night of December 30,
1918. I sat in the front seat with
Mayor Woodman. When I related
to Woodman what I had stated to
the grand jury he remarked that
my memory was bad and endeavored
to induce me to retract this statement.

"Further, just before my departure
for the grand jury on Wednesday
morning, last, Woodman stated
that possibly questions might be
asked concerning the secret service
fund, and, if so, to say that the
money he handed me had been used
by me for investigation of cafes,
dance halls, etc. I expressed surprise,

WOMEN BUILD A
STRONG FORCE.

Powerful Organization is at
Work for Woodman.

Metcalfe Asks Supporters to
Vote for Incumbent.

Increased Enthusiasm Shown
at Street Meetings.

The Woodman for Mayor Women's
Campaign Committee has built
up a strong organization, and announced
yesterday that it is confident
one of the heaviest feminine
votes ever cast at a municipal election
here will be brought out on June 3.

"There are issues which interest
women so strongly that I am confident
we shall see a larger woman
vote than at any previous election,"
said Mrs. Herman Darling,
vice-chairman of the committee.
"Women of Los Angeles have exerted
favorable influence on the enforcement
of all laws having to do with the
protection of public morals, but
because they feel the criminal and
immoral elements have exerted
every influence and tried by every
means to bring about his defeat."

"The following is my statement
to the people of Los Angeles as to the
exact facts leading up to my resignation
as secretary to the chief executive
of this city:

APPEAL FOR FUNDS.

TO THE CITIZENS OF LOS
ANGELES:

The Woodman headquarters
is greatly in need of funds to
carry on the necessary work
of the campaign. We raise
this money it has been found
necessary to make a public
appeal to those who believe
in Mayor Woodman and desire
his re-election.

Contributions from \$1 to
\$50 will be greatly appreciated.
Make checks payable
to P. M. Johnson, treasurer,
and bring or mail them to the
Woodman headquarters at
Fourth and Hill streets.

Sincerely,
JOE S. CRAIL,
Chairman.

P. M. JOHNSON,
Treasurer.

FRANK P. DOHERTY,
Campaign Manager.

CITY OFFICIALS
ENTER PROTEST.

Pasadena Commissioners Send
Views to Washington.

Big Military Social Event at
Hotel Maryland.

Crown City Judge to Jail Auto
Speeders.

(LOCAL CORRESPONDENCE.)
PASADENA, May 23.—The city of Pasadena, by official action of the City Commission, today made formal protest against the recommendations of President Wilson for annulment of the war-time prohibition on beer and wine.

The action was taken by the adoption of a resolution, introduced by City Commissioner John J. Hamilton, the former county supervisor, seconded by Commissioner Harry P. Newell of the department of public safety and unanimously adopted by the commission. The resolution follows:

"That communications be sent under the seal of the city to President Wilson, the Senate and House of Representatives, Senators Johnson and Phelan and Representative Randall, setting forth that a large majority of the people of Pasadena deplore the action of President Wilson in recommending the repeal of the war prohibition act; that such a course in view of the adoption of the amendment to the Federal Constitution forever prohibiting the sale of all intoxicating liquors as beverages could only raise false hopes in the minds of persons interested in the liquor traffic, causing them in the end heavy loss, and yet would encourage violations of the law; and that we therefore urge that Congress without further delay, make ample legal and financial provision for strict enforcement of both the war prohibition act and the constitutional amendment."

HOMECOMING BALL.

Probably the biggest military ball in the history of Pasadena will be held at the Hotel Maryland here Saturday night, as a homecoming affair for all Pasadena soldiers, sailors and marines, both officers and men, back from the war. The affair will be under the general auspices of the Associated War Committees of Pasadena, of which H. D. Davis is chairman. The men who were in the service of the nation during the war are the honored guests at the ball and are to appear in uniform.

Another function scheduled for tomorrow evening is the dinner to be given at the Red Cross chapter house by the Pasadena chapter of the American Red Cross in compliment to all the members who were in the service of the nation during the war. The dinner will be given at the Red Cross chapter house by the Pasadena chapter of the American Red Cross in compliment to all the members who were in the service of the nation during the war.

HAS MAYOR ARRESTED.

La Verne Man Arrested for Operating Engine Retaliates.

(LOCAL CORRESPONDENCE.)
POMONA, May 23.—Mayor T. J. Staves and members of the City Council of La Verne, charged in police court with operating a gas engine at the municipal pumping plant without a muffler, were dismissed by Judge Mason, of Pomona, today. The court ruled he had no jurisdiction in the matter.

Arrest of the city officials was caused by H. M. Williams, and is said to be in retaliation for the arrest of Williams on a similar charge a few days ago. When arraigned in court yesterday Williams entered a plea of not guilty. The case is set down for next Thursday.

SAN DIMAS MAN HAS
MIRACULOUS ESCAPE.

WELL WORKER ABLE TO WALK
TO PHYSICIAN'S OFFICE
AFTER ACCIDENT.

(LOCAL CORRESPONDENCE.)
POMONA, May 23.—Falling from a small platform upon which he was working on the bottom of a well fifty feet below, having his clothing ripped from his body by the shaft of a fast revolving, high-powered, engine, breaking himself loose and climbing to safety a hundred feet above, was the harrowing experience of Earl Rees at San Dimas today.

The accident occurred at the Walnut street well of the San Dimas Water Company and as yet has not been fully explained. Rees says he does not know what caused him to fall and remembers little of what happened afterward, except that he braced himself against the wall of the well and was swung enough to hold fast as his clothing was torn from his body.

He is badly cut and bruised and the exact extent of his injuries is not known except that his bones are broken and the fact that he was able to walk from an automobile to the doctor's office after he had climbed out of the well.

EMPLOYEE GOES WRONG.

BOOK-KEEPER OF OXNARD
FIRM GUILTY OF STEALING BEANS.

(KELSER-DUPRE.)
OXNARD, May 23.—After being out four hours, the jury in the case of C. R. Jewett of this city, charged with stealing beans from the Southern Pacific Milling Company's warehouse, returned a verdict of guilty. Sentence will be pronounced by Judge M. J. Rogers on May 31.

Fred Kelsey, foreman at the warehouse, was the chief witness for the State, he having turned State's evidence and his testimony implicating himself and Jewett in the theft of hundreds of sacks of beans was given in reply to questions by District Attorney Jewett. Jewett was former book-keeper and a trusted employee of the Southern Pacific Milling Company here, and was arrested last January following a grand jury investigation. He has been out since on \$1000 bail furnished by friends.

WHITTIER MAY NOW
GET NEW HOSPITAL.

(LOCAL CORRESPONDENCE.)
WHITTIER, May 23.—With the receipt yesterday of information that Gov. Stephens had signed Senate Bill No. 97, a further step was taken in securing a city hospital for Whittier. This bill was framed to enable Whittier to accept a gift of Mr. and Mrs. William Milhouse of a city of \$10,000 for the establishment of a city hospital. The offer was made to Whittier some months ago, but an examination of the law showed that the State statute would not permit the city to accept the offer, which included the payment to Mr. and Mrs. Milhouse of an annuity during their life time. Backed by the Chamber of Commerce and other local organizations a bill was prepared as a remedy. The matter of the acceptance of the Milhouse gift will now doubtless be submitted to the voters of the city.

OLDEST RESIDENT DIES.

(LOCAL CORRESPONDENCE.)
RIVERSIDE, May 23.—This city's oldest resident, Mrs. Priscilla Vaughn, passed away yesterday at the age of 104 years. She leaves three sons, one of whom, Allen C. Vaughn, resides at 811 North Main street, where she made her home. Mrs. Vaughn was born in Jefferson county, Tenn., February 10, 1812. She came to this city eight years ago and resided here ever since.

POULTRYMEN HOLD
IMPORTANT MEET.

INTERESTING PROGRAMME IS
ANNOUNCED FOR FOUR
DAYS' SESSION.

(LOCAL CORRESPONDENCE.)
SAN GABRIEL, May 23.—Under the auspices of the San Gabriel Valley Poultry Producers' Association and the Los Angeles County Farm Bureau a four-day poultry institute will be held here starting Monday, May 24, the Mission Playhouse having been secured for the meetings. Prof. Z. B. Dougherty, Poultry Division, College of Agriculture, University of California, will conduct the lectures. The San Gabriel Chamber of Commerce has prepared for entertaining 500 visitors. There will be a trip through the poultry colonies every afternoon after the institute courses.

After a welcoming address by Mayor George D. Dake of San Gabriel, the poultrymen will hear a lecture on Monday morning from Prof. Dougherty on "Principles of Poultry Feeding." In the afternoon, "Feeding for Profit" will be the subject of the lecture. On Tuesday a lecture on "Factors in Successful Hatching and Rearing of Chicks" will be given, and Prof. Dougherty will tell of his investigation at Davis in the afternoon. Wednesday the subject will be "Breeding for Increasing Production," and will be followed by a culling demonstration at a nearby poultry farm. Thursday the lecture subject will be "Control of Prevalent Diseases of Poultry" and "Housing the Laying Hens," followed by a demonstration of chicken-pox vaccination.

PYROTECHNICS.

Long Beach Man Fires World's
Biggest Sky Rocket.

British Empire Day to be Celebrated at Beach.

Ministerial Association is for
Prohibition.

(LOCAL CORRESPONDENCE.)
LONG BEACH, May 23.—Setting off by electricity what is claimed to be the largest sky rocket ever shot into the heavens on the Pacific Coast, this city tonight officially opened its summer entertainment programme with a varied and spectacular display of fireworks on the Silver Spray pier.

Commencing tonight, a pyrotechnic display will be held each Friday evening throughout the summer months. The big rocket was set off at 8:30 o'clock, and was followed by a number of beautiful mechanical and electrical fireworks.

The first two of a series of searchlight scintillations arrived in Long Beach today, and these were played on the beach throughout the fireworks display. All the fireworks are set off by electricity.

CELEBRATE BRITISH DAY.

Long Beach residents and visitors of British descent will celebrate Empire Day, tomorrow, at Hotel Victoria, where an interesting programme has been arranged for the afternoon and evening.

The first of a series of searchlight scintillations arrived in Long Beach today, and these were played on the beach throughout the fireworks display. All the fireworks are set off by electricity.

SUGGESTS NEW LAWS.

Former Mayor Louis N. Wheaton today appeared before the Long Beach City Commissioners and advocated the passing of ordinances to prohibit religious meetings on the public streets and to forbid the right now exercised by certain apartment-house proprietors to close their doors to families with children.

The Long Beach Ministerial Association, composed of practically all the ministers of the city, today patched a telegram to Congress protesting against the proposed movement to repeal the war-time prohibition act, and urged that body to enact legislation for its enforcement instead.

WILL CHRISTEN SHIP.

Miss Ann Craig, daughter of John F. Craig, chairman of the board of directors of the Long Beach Shipbuilding Company, will christen the West Katkan, the third \$800-ton local freighter to be built by the local concern. The West Katkan Fleet Corporation, The West Katkan Shipbuilding Company, will christen the West Katkan, the third \$800-ton local freighter to be built by the local concern. The West Katkan Fleet Corporation, The West Katkan Shipbuilding Company, will christen the West Katkan, the third \$800-ton local freighter to be built by the local concern.

Rev. J. K. Kline, pastor of the Calvary Presbyterian Church, today received a call asking him to accept the pastorate of the First Presbyterian Church of Grand Junction, Colo. Dr. Kline, who came to Long Beach from Fort Collins, Colo., two years ago, will take the call under advisement.

The early vacationers can secure tents now at "Coronado Tent City Office," 517 Spring. M. 3917. (Advertisement.)

On Tuesday a lecture on "Factors in Successful Hatching and Rearing of Chicks" will be given, and Prof. Dougherty will tell of his investigation at Davis in the afternoon. Wednesday the subject will be "Breeding for Increasing Production," and will be followed by a culling demonstration at a nearby poultry farm. Thursday the lecture subject will be "Control of Prevalent Diseases of Poultry" and "Housing the Laying Hens," followed by a demonstration of chicken-pox vaccination.

FOR STORM DRAIN.

The City Council is in favor of combining the construction of a storm drain for Myra avenue and vicinity with the proceedings for street improvement work in that district. At yesterday's Council session the City Engineer was instructed to combine the improvement of Clayton avenue, from Myra to Talmadge, and Myra to Sunset drive, also Camino avenue, between Myra and Talmadge, and easterly to its terminus, in one proceeding, which shall also include the proposed storm drain for Myra avenue and vicinity.

(LOCAL CORRESPONDENCE.)
SAN GABRIEL, May 23.—Under the auspices of the San Gabriel Valley Poultry Producers' Association and the Los Angeles County Farm Bureau a four-day poultry institute will be held here starting Monday, May 24, the Mission Playhouse having been secured for the meetings. Prof. Z. B. Dougherty, Poultry Division, College of Agriculture, University of California, will conduct the lectures. The San Gabriel Chamber of Commerce has prepared for entertaining 500 visitors. There will be a trip through the poultry colonies every afternoon after the institute courses.

After a welcoming address by Mayor George D. Dake of San Gabriel, the poultrymen will hear a lecture on Monday morning from Prof. Dougherty on "Principles of Poultry Feeding." In the afternoon, "Feeding for Profit" will be the subject of the lecture. On Tuesday a lecture on "Factors in Successful Hatching and Rearing of Chicks" will be given, and Prof. Dougherty will tell of his investigation at Davis in the afternoon. Wednesday the subject will be "Breeding for Increasing Production," and will be followed by a culling demonstration at a nearby poultry farm. NEW YORK STOCK MARKET.

NEW YORK, May 23.—Optimistic trade prospects entertained by leaders of industry, further relaxation of money rates and prospective modifications of the peace treaty were the most noteworthy contributions to today's active and strong stock market.

The undertone was one of quiet confidence and aside from the quotations of a few specialties, the movement was almost continuous.

The movement focused largely around steel and kindred shares. From the address of Elbert H. Gary, president of the American Iron and Steel Institute, in which he predicted prosperous conditions for that industry, the market was unaltered on call.

United States Steel rose steadily to 107, a gain of four points and its maximum of the year, the index was 11.70, 11.70, 11.70.

PACIFIC LIGHT & POWER CORPORATION FIRST REFUNDING MORTGAGE 5% GOLD BONDS

Interest payable March 1st and September 1st in Los Angeles and New York. Due September 1, 1921.

These bonds are a closed first mortgage of approximately \$7,800,000 upon the property owned by the Southern California Edison Company at Big Creek in Fresno county, and the property owned by the Pacific Light and Power Corporation at Big Creek in Fresno county, and the property owned by the Pacific Light and Power Corporation at Big Creek in Fresno county.

The sinking fund provides for an annual payment to the trustees of \$224,379, which will be used by the trustee and applied to the purchase of bonds in the market, but the interest is not offered in the market at less than 105 and interest, the trustee must call by lot to be used in the sinking fund.

During the past twelve years both the gross and net earnings of the properties now owned by Edison system have more than tripled, and for the year ended November 30, 1918, were as follows:

Gross Earnings \$3,606,979.00
Operating Expenses, including taxes, insurance and maintenance 3,300,418.00

Net Earnings before depreciation \$306,561.00
Annual interest charge on outstanding underlying mortgage bonds, including this issue 1,760,000.00

Balance for other interest, dividends and depreciation \$1,505,711.00

At present market price, this bond yields 5.65% if held to 1921, and about 6% if held to maturity. We heartily recommend this bond to investors who want an assured income.

JAIL TERM FOR HIS "INFLUENCE"

Schwartz Gets One to Ten Years in San Quentin.

Was Convicted of Extorting Money from Women.

Effort to Get a New Trial or Probation Fails.

Edward Schwartz, convicted of obtaining money by trickery from women conducting "bath and massage" parlors with the understanding that he controlled the granting of their licenses, was sentenced yesterday by Judge Willis to from one to ten years in San Quentin prison. This is the sentence prescribed by law.

Schwartz was convicted on ten out of twenty-eight counts, fourteen for obtaining money under false pretenses, all of which were dismissed by the court, and fourteen of larceny by trick and device, four of which were dismissed by the court. In the indictment against him it was alleged that he collected from \$100 to \$150 every six months from a number of the women conducting

ELECTRICAL MEN TO COME HERE.

Next National Convention will be in this City in May, 1920.

(BY A. P. DAY WIRE.)
SAN FRANCISCO, May 23.—The 1920 annual convention of the National Electric Light Association, which from 3000 to 4000 delegates are expected to attend, will be held in Los Angeles next May. It was announced here today by John A. Britton, president of the Pacific Gas and Electric Company. This year's convention adjourned yesterday at Atlantic City, N. J., after naming R. H. Ballard of Los Angeles as president.

According to the "parlor" representing to them that he had influence with the Police Commission and controlled the actions of that body, all of which, the indictment said, was not true. Warren L. Williams, attorney for Schwartz, filed a motion for a new trial, which was denied yesterday by Judge Willis, as was leave to file an application for probation. A stay of execution of the sentence was granted by the court to June 3.

RAID VICTIMS ARE RELEASED.

Score Arrested in Hotel not to be Prosecuted.

Owner of Property Assumes Responsibility.

"Merely Object Lesson," Says City Prosecutor.

Following a conference between Chief of Police Butler, Sgt. Gifford, head of the Purdy Squad, City Prosecutor Erwin Widney and Attorney Charles W. Lyons of the firm of Fredericks & Hanna, the police late yesterday afternoon released twenty-two prisoners taken in a spectacular raid early yesterday morning on a hotel at No. 317 South Flower street. Complaints were secured against eight women and two men, charging them with being in and about a house of ill repute.

According to City Prosecutor Widney an understanding was reached with Charles H. Price, a real estate operator of Monrovia, and owner of the raided hotel, to at once put in a new manager and to assume all responsibility for damage to the hotel and all persons in it at the time of the raid.

MORE CASH FOR EX-SOLDIERS.

Increased Mileage to be Given All Men Paid Off at the Old Rate.

The Comptroller of the Treasury, recently issued an order that all service men be paid 5 cents per mile from the place of their discharge to their actual bona-fide residence. At the time this order was made a great many of the men had already returned to their homes on the old allowance of 2 1/2 cents per mile. Now the government will pay to these men the 1 1/2 cent a mile difference upon receipt of the necessary application blanks, the order says.

The Red Cross will have a supply of these blanks for the service men.

Mr. Widney says months would be required to fight the cases of all the persons arrested during the raid. He says that the entire object of the action was only to break up certain conditions alleged to exist. The women held and the two men still under arrest, according to the police, may not be taken into court. They are now being held for the city health officers.

It's the Genuine Tillamook

"YOU can always tell Tillamook," Madam, by the name on the rind. You notice it is on every third of a pound, and nothing can eradicate it.

"This piece has the muslin removed, but the name remains on the piece just the same—thus you can always refuse substitutes for Tillamook."

"Have you tried the small size 'Tillamook' Cheese? They are individual 'Tillamook' Cheese weighing 6 and 14

pounds. They are the same circumference as an ordinary wheel of cheese. Slice off from the bottom what you need, then the cheese on a hot plate. The wax will melt, and the cheese will adhere to the plate, thus sealing it up all around the rind. Every pound is inspected by our American inspectors. All herds are tested for health."
